ABOUT ENTREPRENEURSHIP MEET-2019

Entrepreneurship Summit 2019 is the flagship annual event of Entrepreneur cell of BIT Sindri. It is the final destination for entrepreneurs, investors, disruptors and innovators where they discuss, debate and dissect what the future holds in a vibrant atmosphere.

The 3rd Edition of Entrepreneurship Summit is going to be truly practical, interactive and collaborative, put on by magnate industry professionals for the upcoming industry professionals. The Summit consists of three enormous days of amazing events including lectures by high profile speakers, industry experts, panel discussions, focused workshops and case study analysis etc. The Summit aims to build a startup ecosystem which will promote young and innovative entrepreneurs and future Industrialists to nurture their ideas and foster in their fields of interest.

THEME

- Introduction to Start-up Ecosystem
- Entrepreneurship as Career: pros and Cons
- Motivational Talk by some renowned Entrepreneur
- Idea pitching competition among students
- Mentoring session for existing start-up

ABOUT INCUBATION CENTRE

Incubation centre of BIT Sindri is first of its kind as Innovation and Entrepreneurship hub run by BIT Sindri under the state government of Jharkhand. The centre, located at G-11 of IT Building in BIT Campus, is committed to provide exposure to different work environments to its students as well as faculties. It helps students to gain experience of working in a highly evolving and dynamic start-up environment. It provides bright and young innovative mind with space where they can nurture their start-up & ideas and build its prototypes. Our incubation centre is equipped with various advanced labs to support high technology start-ups. It also helps to connect the incubatees to right mentors and thus helps to develop and scale up their technology or products and identify their market for legal and intellectual property related guidance.

ABOUT THE INSITUTE

BIT Sindri was started as College of Mechanical and Electrical Engineering in 1949. The institute grew and flourished rapidly during the early days under the dynamic leadership of Prof. D. L. Deshpande, the Director, who is regarded as the architect of the institute.

The institute is controlled administratively by the Department of Higher, Technical Education & Skill Development, Govt. of Jharkhand. The main aim of the institute is to provide valuable human resources for the industry and society through excellence in technical education and research for sustainable development. The college offers B.Tech courses in 10 disciplines of engineering namely Mechanical, Electrical, Metallurgy, Production, Chemical, Electronics & Communications, Civil, Mining, CSE, IT besides 10 M.Tech specialization. The college possesses modern amenities which include multimedia auditoriums, seminar rooms, classrooms, E-library, well-equipped modern laboratories and campus-wide network & State of Art Siemens lab which is regarded as Centre of Excellence to meet the industry demand.
