PLACEMENT STATISTICS
(Academic Year 2018-22)

PLACEMENT STATISTICS (BATCH 2018-2022)

The placement of 2018-22 batch students has been sensational with exceptionally high performance owing to the diaphanous venture put in by the final year students, backed up by the meticulous support from the Director Prof.(Dr.) D.K. Singh and Chairman, Career Development Center cum TPO, Prof(Dr.) Ghanshyam. Despite the temperamental obstructions imposed by the pandemic, the batch broke all records of the previous year's placement statistics setting a new benchmark for the batches to come. A plethora of job offers from over 60 companies has been offered to date.

* A total of more than 818 students have been successful in receiving campus placement offers in ostensible firms like TATA Steel, Amazon, Google, Microsoft, Vedanta, Schlumberger, TCS Digital, Hindustan Unilever Ltd., Deloitte, Samsung, and many more.

* Highest CTC of 44 LPA was offered by Amazon.

* The average Package for the entire batch was around 6.5 LPA.

Owing to the pandemic the entire recruitment drive took place via the online mode considering it as the "new normal situation". With such astounding performance, students have again given a testament to the fact that BITians are indeed second to none.
